

SUMMARY

Enthusiastic and motivated Computer Applications student at CCET, IPS, University of Allahabad, with a strong passion for Full Stack Web Development, AI-powered solutions, and modern web technologies. Skilled in building responsive, user-friendly, and scalable applications using the MERN stack, Node.js, Express.js, PostgreSQL, and React.js. Experienced in leading tech communities as the Founder & Lead of Quantum Quirks, the official coding club of CCET, and actively involved in organizing coding sessions and collaborative learning activities. Dedicated to continuous learning, problem-solving, and developing impactful digital solutions that address real-world challenges.

EDUCATION

Degree	Institute	Board/University	CGPA/Percentage	Year
BCA	CCET, IPS, UoA, Prayagraj	University of Allahabad	9.31	2024-27
Senior Secondary	Shree Mahaprabhu Public School, Prayagraj	CBSE Board	80.4	2024
Matriculation	Shree Mahaprabhu Public School, Prayagraj	CBSE Board	88.4	2022

EXPERIENCE

- GDG Prayagraj Volunteer** February 2026 - Present
 - Actively contributed as a GDG Prayagraj Volunteer by supporting community-driven tech events, workshops, and developer-focused sessions, while assisting in event coordination, participant engagement, smooth execution, and promoting learning, networking, and awareness of emerging technologies among students and developers.
- Founder & Lead - Quantum Quirks** September 2025- Present
 - Founded and led Quantum Quirks, the official coding club of CCET, IPS, University of Allahabad, to promote coding culture and technical learning among students by organizing coding sessions, workshops, and peer-learning activities focused on programming, web development, problem-solving, and emerging technologies.
- Open Source Contributor – MediaWiki (Phabricator)** March 2026-Present
 - Contributed to the MediaWiki open-source ecosystem through Phabricator by exploring reported issues, understanding project workflows, and participating in community-driven development. Worked on improving technical understanding of open-source collaboration, issue tracking, documentation, and contribution practices while engaging with Wikimedia-related tools and development processes.

PROJECTS

- Samadhan** github.com/CoderAnimesh/Samadhan
 - Developed a full-stack campus issue reporting platform that enables students to upload live images of real-time campus problems, raise issues with visual proof, and manage complaints efficiently through a responsive interface and Node.js/Express.js backend.
- ArogyaSwarm – Advanced Patient & Doctor Platform** github.com/CoderAnimesh/ArogyaSwarm
 - Developed a full-stack, role-based Hospital Management System for patients, doctors, admins, and ASHA workers, featuring separate dashboards, AI-powered patient triage using Gemini AI, structured clinical summaries, and secure JWT-based authentication with role-protected backend routes.

TECHNICAL SKILLS

- Programming Languages & Skills:** C, Python, Java, HTML, CSS, JavaScript, SQL, CRUD Operations
- Frontend Development:** React.js, Tailwind CSS, Bootstrap, React Router, Vite.js, Responsive Web Design
- Backend, Database & Tools:** Node.js, Express.js, REST APIs, PostgreSQL, MongoDB, Firebase, Convex, GitHub, VS Code, Figma, npm, Firebase Console, Antigravity

POSITIONS OF RESPONSIBILITY

- Organizer and Lead, Quantum Quirks** January 2026-Present
- Volunteer , GDG Prayagraj** February 2026-Present
- Google Student Ambassador** May 2026 - Present
- Event Management Volunteer, GDG on campus JKIAPT** 2025-2026
